GENERAL INFORMATION

State Approval to Operate

The Avivo Institute of Career & Technical Education is licensed as a private career school with the Minnesota Office of Higher Education pursuant to Minnesota Statutes, 136A.821 to 136A.832. Licensure is not an endorsement of the institution. Certificates earned at the institution may not transfer to all other institutions.

www.ohe.state.mn.us

Accreditation and Approvals

The Avivo Institute of Career & Technical Education is:

- a certified training provider under the Workforce Innovation and Opportunity Act
- an accredited skills training program through the Commission on Accreditation of Rehabilitation Facilities

Avivo Institute of Career & Technical Education

Mission

Provide quality educational and employment services that challenge and inspire individuals to develop strong work skills and positive attitudes.

Avivo Institute of Career & Technical Education

Vision

Educate and prepare individuals for the demands of a global workplace.

History

Avivo has been assisting individuals with barriers since 1960 and has been financially solvent since that time.

Avivo career skills' training was established in 1985 in Minneapolis and since then has expanded its services to include locations in St. Paul, and St. Cloud; as well as offering mobile training and education services throughout the upper Midwest. Avivo utilizes the expertise of its 70+ business partners throughout Minnesota to design new and revise existing training curriculum to meet the needs of Minnesota businesses.

Staff and Campuses

The faculty and staff have the education, work experience, dedication, enthusiasm and ability needed to motivate students to their highest level of achievement. A listing of all faculty and staff (current at the time of this printing) is located in Appendix A and is available upon request.

Avivo Institute of Career & Technical Education is located in Minneapolis at 2438 27th Avenue South, Suite 100, Minneapolis, MN, 55406. The main campus offers training programs in IT Support, Maintenance Custodial, Manufacturing, Medical Office Support, Accounting Support, Office Support Specialist, Warehousing and Mechatronics. The main campus also offers First Step Training Courses for individuals looking for entry-level employment.

Avivo Institute of Career & Technical Education St. Cloud is located at 3400 1st Street North, Suite 404, St. Cloud, Minnesota, 56303. The St. Cloud branch offers training programs in Manufacturing, Medical Office Support, and Office Support. The branch campus also offers First Step Training Courses for individuals looking for entry-level employment.

The Avivo Institute of Career & Technical Education Main Campus and the Avivo Institute of Career & Technical Education St. Cloud campus have administrative offices, classrooms and lab areas where students can practice skills based on individual program requirements.

Business hours are Monday through Friday from 7:45 AM to 4:45 PM.

Books and Supplies

Each campus is equipped with all the necessary supplies and equipment to fully prepare students to meet the requirements of their training program. All supplies and equipment meet the appropriate safety standards required by state and federal laws.

The Avivo Institute of Career & Technical Education Main campus has five training labs plus one Certification Testing Center with a total of 80 computers, four LCD monitors/screens, and seven printers.

The Avivo Institute of Career & Technical Education St. Cloud campus has three training labs with a total of 21 computers, one LCD monitor/screen, and three printers.

The Avivo Institute of Career & Technical Education has one training lab with a total of 10 computers and one printer at the Wellstone Center in St. Paul.

The following equipment is used in the training programs that are noted:

Core Manufacturing Skills Training Program

Industrial Microscopes
Micrometers
Calipers
Steel Rules

IT Support Training Program

Laptops, desktops and hardware components for practice and lab assignments
Tool Kits
Anti-static Wristbands

Maintenance Custodial Skills Training Program

High Speed Floor Buffer
Low Speed Floor Buffer
Hot Water Carpet Extractor
Power Tools- Drills, Jig Saws, Circular Saws, Hand Sanders
Hand Tools- Screw Drivers, Pliers, Socket Sets, Wrenches
Dry Wall Trowels and Knives
Paint Brushes, Rollers, and Pad Applicators
Electrical Meters, Circuit Testers, Wire Strippers
Plumbing Basin Wrenches, Pipe Cutters

Mechatronics Training Program

Industrial and Electrical Components
Portable Electrical Trainers
Industrial Devices
Power Transmission Components
VFD Trainers

Accommodations are made on an individual basis with the following equipment and software: ergonomic keyboards, condensed keyboards, trackballs, FM system, JAWS Magic, Dragon Naturally Speaking, audio recordings of training materials, and large monitors.

The Avivo Institute of Career & Technical Education also utilizes Typing Quick and Easy, and LCD monitors/screens and LCD projectors.

All books and supplies for each course are provided by the Avivo Institute of Career & Technical Education.

Class Size

Class sizes, normally between 8 – 16 students, provide quality, instructor led, individualized instruction. Each student has access to one-to-one supports needed to successfully complete his/her course work.

2018-2019 School Calendar

Students receive a calendar which includes their specific training dates prior to the start date of the class.

The Avivo Institute of Career & Technical Education observes the following holidays:

September 3, 2018	Labor Day
November 11, 2018	Veterans Day
November 28 & 29, 2018	Thanksgiving
December 25, 2018	Christmas
January 1, 2019	New Years Day
January 21, 2019	Martin Luther King Jr. Day
February 18, 2019	Presidents' Day
May, 27, 2019	Memorial Day
July 4, 2019	Independence Day

Inclement Weather

In the case of inclement weather, or other extenuating circumstances, Avivo Institute of Career & Technical Education classes will not be held. Information is available on the following TV stations and their websites (listed as Avivo Institute of Career & Technical Education) as well as the attendance line.

WCCO – Channel 4	www.minnesotacbslocal.com
KSTP – Channel 5	www.kstp.com
KARE11 – Channel 11	www.kare11.com

Admission and Course Completion

Interested students may request a tour that includes an overview of the application and the process, enrollment, training options, training programs and completion requirements for the training program they are planning on attending. Contact The Avivo Institute of Career & Technical Education at 612-752-8100 to request a tour.

Students must complete an entrance application/referral form. Once staff receives the completed application/referral form an intake and enrollment meeting is scheduled. Applicants must bring a photo id and a Social Security card, or documentation that they have the right to work in the United States, to their intake. A \$95 Intake/Enrollment Fee, or authorization for payment from the referral source, is due at the time of the Intake/enrollment.

Avivo Institute of Career & Technical Education courses are scheduled on a rotating basis year round. The current Twin Cities and St. Cloud Training Schedules are available on the Avivo Institute of Career & Technical Education page on the Avivo website. Here is the link to the page: bit.ly/AvivoMN.

Although High School Diplomas and GEDs are not required students are encouraged to have one as they enhance the ability of all students to attain employment.

Staff reviews the Training Program and course completion requirements with students at the enrollment/Intake meeting. Staff also notifies students of the Entrance Assessment for their selected Training Program and what tests/screens are used during the Entrance Assessment. It is explained to the student that the Entrance Assessments measure the student's skills related specifically to their selected training program. For the Main Campus the Entrance Assessments are scheduled during the student's first training or as requested. The Branch Campus Entrance Assessments are scheduled with each student based on their schedule.

There are no exceptions to the entrance requirements for the Training Programs: Office Support Specialist, Accounting Support, Medical Office Support, IT Support, Maintenance Custodial Skills, Core Manufacturing, Warehouse Operations and Mechatronics. All students must pass the Entrance Assessment for their selected training program.

Transfer Policies

Avivo Institute of Career & Technical Education Training Programs do not accept transfers of credits from other schools due to the customized nature of the trainings. Work/life experiences do not replace classroom hours for Avivo Institute of Career & Technical Education courses.

Students wanting to transfer to a different training program than their initial plan are to speak to the Career Education Manager/Director about the options. Students can be transferred to another training program, with authorization

from the payment/referral source, with the student retaining the Certificate(s) of Completion of previously completed courses. The completed course work that is required for the new training program will transfer with the student to the new training program. If it has been over two years since the required training has been completed it is at the discretion of the Career Education Manager/Director to determine if the course certificate is still valid based on curriculum or course content changes.

The Avivo Institute of Career & Technical Education has articulation agreements with MnSCU programs for program graduates of the following training programs:

Articulation agreements are offered with the following MnSCU schools.

College	College Program	Avivo Institute of Career & Technical Education Training Program
Anoka-Ramsey Community College	Networking, Programming, Software & Technology Program	IT Support Training Program
Dakota County Technical College	Business and Information Systems Program	Accounting Support Training Program
Dakota County Technical College	Office Careers Program	Office Support Specialist Training Program
Century College	Office Technology Program	Office Support Specialist Training Program

Students must receive a certificate of completion for the Training Programs listed above for the transfer of completed course hours to the MnSCU programs. The completed course hours may be converted to college credits at the selected MnSCU College for the specific program that is offered by the college. Students receive a transcript upon completion of the training program that demonstrates and documents course completion. For additional details please contact Eric Hughbanks at 612-752-8169 or Eric.Hughbanks@avivomn.org.

Classroom Language

All classes are taught in English and Visa Services are not offered to international students.

Continuing Education Units

Continuing Education Units (CEU's) are given upon successful completion of each course. Five to ten hours of classroom time count as one continuing education unit. The CEU's for each course are listed below.

Workplace Essentials Training - 60 Hours – 6 CEUs

Business and Computer Applications Specialist Training – 96 Hours – 10 CEUs

Accounting Support 101 Training – 80 Hours – 8 CEUs

Healthcare Technician Training – 112 Hours – 11 CEUs

Computer Technician Training – 480 Hours – 48 CEUs

Maintenance Custodial Fundamentals Training – 315 Hours – 32 CEUs

Manufacturing and Warehouse Fundamentals Training – 128 Hours – 13 CEUs

Manufacturing Skills 102 Training – 100 Hours – 10 CEUs

Mechatronics Training – 160 Hours – 16 CEUs

First Step Cleaning Pro Training – 52 Hours – 5 CEUs

First Step Restaurant to Retail Training – 52 Hours – 5 CEUs

First Step Warehouse Pro Training – 52 Hours – 5 CEUs

Coursework and Industry Exam Prep

Coursework and exam preparation, as well as exam administration, are included in the following programs:

Core Manufacturing Skills Training Program

Forklift Operator Safety Certification

OSHA General Industry Safety and Health Certification

IPC-A-610 IPC Certification

J-STD-001 IPC Certification

IT Support Training Program

CompTIA A+ 220-901 Certification

CompTIA A+ 220-902 Certification

Maintenance Custodial Skills Training Program

State of Minnesota Department of Labor Special Class Engineers License – Boilers License

Certified Pool/Spa Operator Certification – CPO

ServSafe Food Protection Manager Certification

Warehouse Operations Training Program

Forklift Operator Safety Certification

OSHA General Industry Safety and Health Certification

Mechatronics Training Program

Forklift Operator Safety Certification

OSHA General Industry Safety and Health Certification

First Step Cleaning Pro Training

OSHA Certification

First Step Restaurant to Retail Training

Benchmark Customer Service Certification

ServSafe Food Certification

First Step Warehouse Pro Training

Forklift Safety Operator Certification

For detailed labor market and industry specific career pathways, advancement opportunities, typical pay ranges and typical benefits please contact the Career Education Manager/Director: Twin Cities Main Campus – Eric Hughbanks, 612-752-8169, or St. Cloud Branch Campus – Carrie Stang, 320-227-1305.

Policy and Program Modifications

The Avivo Institute of Career & Technical Education reserves the right to make changes to program content, program offerings, entrance requirements, policies, procedures and tuition subsequent to publication. Students will be notified of changes to their specific program prior to the publication of changes.

Students should contact the program manager to discuss potential changes to their enrollment if there is a change in the program content.

Financial Assistance

The Avivo Institute of Career & Technical Education does not participate in federal or state financial aid programs.

Student Orientation and Policies

On the first day of class students participate in an orientation. Graduation requirements are covered during every Avivo Institute of Career & Technical Education course. Students receive a syllabus during orientation with detailed information on the course, attendance policy and absences, course completion requirements including attendance, completion of daily exercises and scoring 70% or higher overall on the course exams. Students receive an enrollment letter prior to the class with start and end dates, hours, and holidays, a detailed course schedule and the number of absences allowed before a portion of their grade points are forfeited.

Students not adhering to the following policies and procedures will be dismissed from class:

Equipment, Computer and Internet use – Students review and agree on policies covering Avivo Institute of Career & Technical Education general policies regarding computer use, internet security and software and appropriate workplace habits. Work areas must be maintained by the student. Not adhering to the policies will result in termination from the program.

Conduct – Appropriate behavior is expected on school property or when representing the Avivo Institute of Career & Technical Education. Inappropriate behaviors listed in the Career Education Policy Manual will not be allowed.

Grievance – If a student feels as though they have been treated unfairly they should contact the Career Education Director or Manager.

Discrimination – Avivo does not discriminate on the basis of race, color, creed, religion, national origin, ancestry, sex, age, sexual orientation or disability in the administration of any of its educational programs or activities, or with respect to admissions or employment.

Drug and Alcohol use – Possession, distribution, sale or use of alcoholic beverages and controlled substances are not allowed. Students violating this policy will be immediately terminated.

Crime and Safety awareness – The Avivo Institute of Career & Technical Education has a safety plan which is covered during orientation.

Grading – Course Completion requirements are broken down into categories with a corresponding percentage earned for the Course Completion requirements. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams. Some courses have additional requirements including Typing 20 WPM with 90% accuracy, daily hands-on exercises or securing a volunteer experience. See the training program descriptions beginning on the next page for specific requirements.

Attendance – Because Avivo Institute of Career & Technical Education simulates the workplace daily attendance is required. To successfully complete the program students must not exceed allowed absences for that program. All of the courses in the training programs must be completed in order to graduate.

Students missing five days of class consecutively without notification will be terminated.

Students may work in the Resource Lab outside of class times to catch up on assignments, practice typing, work on resumes and to job search.

Due to the structure of the training program no leave of absence is allowed but students may choose to wait for the next offering of any course or program if they exceed the absences allowed. An additional training fee is required to start the training, unless an exception has been approved by the Career Education Manager/Director.

Grievance Procedure

If a student feels as though they have been treated unfairly they should contact the Career Education Director or Manager.

Accommodations, Tutoring and Student Assistance

Reasonable accommodations will be made for students with disabilities. Students should notify staff at enrollment of needed accommodations. If a student experiences difficulty once they are in class they are encouraged to speak to the trainer and accommodation options will be explored. Depending on the accommodations requested students may be referred to another provider for assistance. Students may be asked to provide additional information from their physician or medical provider upon request of accommodations.

The Trainer will be available to work with students during class time. Tutoring can be arranged. The Resource Lab is available for extra assistance. It is essential that students let staff know immediately if there are problems.

Student Records and Data Privacy

Records for students who have participated in one of the Avivo Institute of Career & Technical Education training classes are maintained in cabinets in the main office of the school.

Graduates may request a copy of their records by contacting the Avivo Institute of Career & Technical Education Intake Coordinator, Beth Bidingger, or the St. Cloud Branch Career Education Director, Carrie Stang. The student must complete and sign a Request for Records form outlining the items needed and current student contact information.

Student data is not released without a student's permission, except where required by law.

Avivo Institute of Career & Technical Education

Accounting Support Training Program

The Accounting Support Training Program is designed to train students in the skills needed to become employed in accounting support positions including Accounts Payable/Receivable, Billing and Payroll and to become QuickBooks User 2010 Certified.

Program Description

Technical skills training to build advanced skills in accounting, QuickBooks and business math for accounting and billing related positions. Skills training in Microsoft Office 2010 Word, Excel, Access, Outlook and PowerPoint.

Course Learning Objectives

1. Demonstrate basic/intermediate comprehension of QuickBooks.
2. Demonstrate comprehension of accounting basics and business math.
3. Demonstrate intermediate comprehension of MS Word, Excel, Access, PowerPoint and Outlook 2010.
4. Attain Certiport QuickBooks Certification

Length of Program

15 Weeks – 236 Hours

Program Cost

\$2,845

Training Program Entrance Requirements

Students must complete an Intake and Enrollment meeting and score the following on the Accounting Support Entrance Assessment to be accepted for the Accounting Support Training Program: Minimum of 6th grade Reading Level and minimum of 8th grade Math level on the TABE Survey Level 9-D Reading and Mathematics; WQP level of 85% or higher and 3 errors or less on the VALPAR 6 Independent Problem Solving; score 70% or higher on the Accounting Work Sample.

Course and Training Program Completion

Students must successfully complete the Workplace Essentials Training, type 20 WPM with a minimum of 90% accuracy; successfully complete the Business Computer Applications Specialist Training, and the Accounting Support 101 Training to receive a Certificate of Completion for the Accounting Support Training Program. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams.

Avivo Institute of Career & Technical Education

Core Manufacturing Skills Training Program

The Core Manufacturing Skills Training Program is designed to train students in the skills needed to become employed in an entry level position in the areas of manufacturing and warehousing, including electronic assembly, soldering, and shipping/receiving positions.

Program Description

Technical skills training in blueprint reading, manufacturing and warehouse jobs, equipment and terminology, following directions, shipping and receiving, inventory, LEAN production and manufacturing, materials handling, quality assurance, union vs. non-union shops, customer service, math overview and metric conversion, clean rooms, forklift safety training, ISO standards and OSHA 10 Training. Hands on technical skills training in soldering. Preparation for and administration of exams for IPC Soldering Certifications in A-610 and J-STD-001.

Course Learning Objectives

1. Demonstrate comprehension of LEAN and ISO Standards.
2. Demonstrate comprehension of Manufacturing and Warehousing Overview.
3. Demonstrate comprehension of Blueprint Reading.
4. Demonstrate comprehension of Forklift Safety.
5. Demonstrate comprehension of Applied Math and Microsoft Office 2010 Word, Excel and PowerPoint.
6. Successfully attain credentials: OSHA General Industry Safety and Health Training, Forklift Safety Operator Certification, IPC-A-610 and J-STD-001.

Length of Program

11 Weeks – 288 Hours

Program Cost

\$3,875

Training Program Entrance Requirements

Students must complete an Intake and Enrollment meeting and score the following on the Entrance Assessment to be accepted for the Core Manufacturing Skills Training Program: Minimum of 6th grade Reading Level and minimum of 8th grade Math level on the TABE Survey Level 9-D Reading and Mathematics; accuracy rating higher than 70% on Industrial Math Work Sample; and Score 40%ile or higher on the Bennett Mechanical Comprehension Test.

Course and Training Program Completion

Students must successfully complete the Workplace Essentials Training, Manufacturing and Warehouse Fundamentals, and the Manufacturing Skills 102 Training to receive a Certificate of Completion for the Core Manufacturing Skills Training Program. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams.

Maintenance Custodial Skills Training Program

The Maintenance Custodial Skills Training Program is designed to train students in the skills needed to become employed in the areas of general maintenance, janitorial, and custodial positions.

Program Description

Technical and hands-on skills training that includes tool use, safety, plumbing, restroom and office cleaning, carpentry, painting, drywall, floor care, electricity, heating and air conditioning. Preparation for the Boilers License Exam (Minnesota Department of Labor Special Class Engineer License). Preparation for and administration of the Certified Pool Operator (CPO). CPO examination is administered at Avivo and Special Class Engineers License examination at Department of Labor in St. Paul. Course includes paid On-the-Job training experience.

Course Learning Objectives

1. Demonstrate comprehension of safety procedures.
2. Demonstrate comprehension of plumbing.
3. Demonstrate comprehension of electricity.
4. Demonstrate comprehension of heating and air conditioning.
5. Demonstrate comprehension of restroom and office cleaning.
6. Demonstrate comprehension of painting and carpentry.
7. Demonstrate comprehension of carpet and hard floor care techniques.
8. Demonstrate comprehension of Microsoft Office 2010 Word, Excel, and PowerPoint.
9. Attain the following credentials: Special Class Engineers License and Certified Pool Operator.
10. Complete On-the-Job Training.

Length of Program

13 Weeks – 375 Hours

Program Cost

\$4,700

Training Program Entrance Requirements

Students must complete an Intake and Enrollment meeting and score the following on the Entrance Assessment to be accepted for the Maintenance Custodial Skills Training Program: Minimum of 6th grade Reading Level and minimum of 6th grade Math level on the TABE Survey Level 9-D Reading and Mathematics; minimum WQP level of 85% and three errors or less on the VALPAR 6 Independent Problem Solving; and an accuracy rating of 80% or above on the Avivo Inventory Work Sample.

Course and Training Program Completion

Students must successfully complete the Workplace Essentials Training and Maintenance Custodial Fundamentals to receive a Certificate of Completion for the Maintenance Custodial Skills Training Program. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams.

Tuition and Buyers Right to Cancel (Refund Policy)

1. From the point of acceptance into a specific Avivo Institute of Career & Technical Education Training Program (immediately following the completion of the intake) and for 5 business days following the date of intake, or following the point in time when the referral source has enrolled a active student into a class, a student or referral source may cancel and receive a full refund of their tuition by submitting a **notice of cancellation** to the school.
2. On the 6th business day following the completion of the intake, or the 6th business day following the point in time the referral source enrolls an active student into a class, up to the day prior to the start date of the class, a full refund of the training course tuition, minus \$50, will be given as long as the student or referral source submits a **notice of cancellation** to the school.
3. If a student cancels or no-shows, beginning with the first day of class, a fee of \$100 will be assessed.
4. Daily fees, noted below by training program, are added to the \$100 fee beginning on the first day of class, and continue until the school receives a **notice of cancellation** from the student or referral source.
5. Fees are assessed up to the point where 75% of the class has been completed, including weekend days falling within the class time period.
6. There is no refund once 75% of the class has completed.

Training Program	Tuition	Daily cancellation fees:
Accounting Support Training Program

 St. Cloud, MN 56303
 320-227-1305

NOTE: The Avivo Institute of Career & Technical Education Buyers Right to Cancel Policy (Refund Policy) is based on the State of Minnesota's Refund Policy/Buyers Right to Cancel statute noted below.

Each student will be notified of acceptance/rejection in writing. In the event a student is rejected, all tuition, fees and other charges will be refunded.

Notwithstanding anything to the contrary, if a student gives notice of cancellation within five business days of the execution of the contract or day on which the student is accepted, than a complete refund is given regardless of whether the program has started.

If a student gives a notice of cancellation after 5 business days of the execution of the contract or day on which the student is accepted, but before the start of the program by the school, then all tuition, fees and other charges, except 15% of the total cost of the program (not to exceed \$50.00) shall be refunded to the student.

If a student gives notice of cancellation after the start of the period of instruction for which the student has been charged, but before completion of 75% of the period of instruction, then student is assessed a pro rate portion of tuition, fees and all other charges based on the number of days in the term plus 25% of the total program cost (25% not to exceed \$100.00)

Any notice of cancellation shall be acknowledged in writing within 10 days of receipt of such notice and all refunds shall be forwarded to the student within 30 business days of receipt of such notice.

This refund policy is not linked to any student conduct policy and any promissory instrument shall not be negotiated prior to the completion of 50% of the course.

Notice of cancellation shall take place on the date the letter of cancellation is postmarked or, in the case where the notice is hand carried, it shall occur on the date the notice is delivered to the school. The date of execution of the enrollment agreement shall be presumed to be the date of delivery of the notice of acceptance: if delivered by email, the sent date of the emailed letter of acceptance or if delivered by mail, the postmarked date of the letter of acceptance.

NOTE: "Student" may mean individual completing training or their referral/payment resource and all monies refunded shall be returned to the party or parties who made the initial payment.
