

Please join us for our
Avivo's Spring Open House

Tuesday, May 21 ~ 4:00-6:00 p.m.
2438 27th Avenue S, Minneapolis

New! Avivo Institute of Career & Technical Education is matching students with a Mobility Mentor for career and life success. Come and visit!

The trauma and stress of living in poverty challenges a person's ability to focus, plan ahead, and make future-oriented decisions. These living conditions make it difficult to advance economically.

Avivo is in the process of implementing a proven model based on the latest brain science. This model was developed by Economic Mobility Pathways (EMPath), called the EMPATH Bridge to Self-Sufficiency. Thanks to generous funding from the Thrivent Foundation, Avivo will be using The Bridge to help participants plan, reach, and sustain their personal goals as they move out of poverty and into meaningful, living-wage employment.
