# GENERAL INFORMATION

## State Approval to Operate

The Avivo Institute of Career & Technical Education is licensed as a private career school with the Minnesota Office of Higher Education pursuant to Minnesota Statutes, 136A.821 to 136A.832. Licensure is not an endorsement of the institution. Certificates earned at the institution may not transfer to all other institutions.

[www.ohe.state.mn.us](http://www.ohe.state.mn.us)

## Accreditation and Approvals

The Avivo Institute of Career & Technical Education is:

- a certified training provider under the Workforce Innovation and Opportunity Act
- an accredited skills training program through the Commission on Accreditation of Rehabilitation Facilities

## Mission

Avivo increases well-being through recovery and career advancement while working to end homelessness.

## Vision

Our communities are free of economic and health inequities.

Avivo Institute of Career & Technical Education is committed to educating and preparing individuals for the demands of the global workplace.

## History

Avivo has been assisting individuals with barriers since 1960 and has been financially solvent since that time.

Avivo career skills' training was established in 1985 in Minneapolis and since then has expanded its services to include locations in St. Paul, and St. Cloud; as well as offering mobile training and education services throughout the upper Midwest. Avivo utilizes the expertise of its 70+ business partners throughout Minnesota to design new and revise existing training curriculum to meet the needs of Minnesota businesses.

## Staff and Campuses

The faculty and staff have the education, work experience, dedication, enthusiasm and ability needed to motivate students to their highest level of achievement. A listing of all faculty and staff (current at the time of this printing) is located in Appendix A and is available upon request.

Avivo Institute of Career & Technical Education is located in Minneapolis at 2438 27<sup>th</sup> Avenue South, Suite 100, Minneapolis, MN, 55406. The main campus offers training programs in IT Support, Medical Office Support, Office Support Specialist, Maintenance Custodial, Manufacturing, Accounting Support, and Warehousing. The main campus also offers Telecom Installation & Support Training and First Step Training Courses for individuals looking for entry-level employment.

Avivo Institute of Career & Technical Education St. Cloud is located at 110 2<sup>nd</sup> Street South, Suite 124, Waite Park, Minnesota, 56387. The St. Cloud branch offers training programs in Medical Office Support and Office Support. The branch campus also offers First Step Training Courses for individuals looking for entry-level employment.

The Avivo Institute of Career & Technical Education Main Campus and the Avivo Institute of Career & Technical Education St. Cloud Campus have administrative offices, classrooms and lab areas where students can practice skills based on individual program requirements.

Business hours are Monday through Friday from 8:00 AM to 4:30 PM.

## Books and Supplies

Each campus is equipped with all the necessary supplies and equipment to fully prepare students to meet the requirements of their training program. All supplies and equipment meet the appropriate safety standards required by state and federal laws.

The Avivo Institute of Career & Technical Education Main Campus has three training labs, a resource lab for job seekers, plus one Certification Testing Center with a total of 80 computers, 60 laptops, four LCD monitors/screens, and seven printers.

The Avivo Institute of Career & Technical Education St. Cloud Campus has three training labs with a total of 19 computers, 18 laptops, three flat screen multi-media TVs, and three printers.

The following published materials and equipment are used in the trainings that are noted:

### *IT Support Training Program*

Mike Meyers' CompTIA A+ Guide to Managing and Troubleshooting PCs, Sixth Edition

Mike Meyers' CompTIA A+ Guide to Managing and Troubleshooting PCs lab Manual

Laptops, desktops and hardware components for practice and lab assignments

Tool Kits

Anti-static Mat & Wristbands

### *Maintenance Custodial Skills Training Program*

High Speed Floor Buffer

Low Speed Floor Buffer

Hot Water Carpet Extractor

Power Tools - Drills, Jig Saws, Circular Saws, Hand Sanders

Hand Tools - Screw Drivers, Pliers, Socket Sets, Wrenches

Dry Wall Trowels and Knives

Paint Brushes, Rollers, and Pad Applicators

Electrical Meters, Circuit Testers, Wire Strippers

Plumbing Basin Wrenches, Pipe Cutters

### *Core Manufacturing Skills Training Program*

Industrial Microscopes

Micrometers

Calipers

Steel Rules

### *Telecom Installation & Support Training*

C-Tech Student Manuals: Introduction to Telecommunications Technologies, Network Cabling Copper-Based, Network Cabling Fiber Optic-Based, Grounding & Bonding, Wireless Systems and Connecting to Business

C-Tech Interactive Telecommunications Board

C-Tech Advanced Copper Trainer and Copper Systems Trainer

C-Tech Fiber Systems Trainer

C-Tech Grounding Interconnection Trainer

C-Tech Wireless Activity Trainer

C-Tech Instructor and Student Workstations and Activity Panels

DAVE Transmitter and Receiver

Tools - Screwdrivers, Pliers, Cable Cutters, Wrenches, Crimp Tools, Coax strippers, Punch down tools, Meters, Validation Testers, Network Qualifiers, Antennas

Accommodations are made on an individual basis with the following equipment and software: ergonomic keyboards, condensed keyboards, trackballs, FM system, JAWS Magic, Dragon Naturally Speaking, audio recordings of training materials, and large monitors.

The Avivo Institute of Career & Technical Education also utilizes TouchTyping.com and LCD monitors/screens and LCD projectors.

All books and supplies for each course are provided by the Avivo Institute of Career & Technical Education.

### Class Size

Class sizes, normally between 8 – 16 students, provide quality, instructor led, individualized instruction. Each student has access to one-to-one supports needed to successfully complete their course work.

### 2022-2023 School Calendar

Students receive a calendar which includes their specific training dates prior to the start date of the class.

The Avivo Institute of Career & Technical Education observes the following holidays:

November 11, 2022	Veterans Day
November 24 & November 25, 2022	Thanksgiving
December 25, 2022	Christmas Day
December 26, 2022	Christmas Day - Observed
January 1, 2023	New Year's Day
January 2, 2023	New Year's Day – Observed
January 16, 2023	Martin Luther King Jr. Day
February 20, 2023	President's Day
May 29, 2023	Memorial Day
June 19, 2023	Juneteenth
July 4, 2023	Fourth of July
September 4, 2023	Labor Day
November 10, 2023	Veterans Day - Observed
November 11, 2023	Veterans Day
November 23 & November 24, 2023	Thanksgiving
December 25, 2023	Christmas Day
January 1, 2024	New Year's Day

### Inclement Weather

In the case of inclement weather, or other extenuating circumstances, Avivo Institute of Career & Technical Education classes will not be held. Information is available on the following TV stations and their websites (listed as Avivo Institute of Career & Technical Education) as well as the attendance line.

WCCO – Channel 4	<a href="http://www.minnesotacbslocal.com">www.minnesotacbslocal.com</a>
KSTP – Channel 5	<a href="http://www.kstp.com">www.kstp.com</a>
KARE11 – Channel 11	<a href="http://www.kare11.com">www.kare11.com</a>

### Admission and Course Completion

Interested students may request a tour that includes an overview of the application and the process, enrollment, training options, training programs and completion requirements for the training program they are planning on attending. Contact the Avivo Institute of Career & Technical Education at 612-752-8100 to request a tour.

Students must complete an entrance application/referral form. Once staff receives the completed application/referral form an Intake and Enrollment meeting is scheduled. Applicants must bring a photo id and a Social Security card, or documentation that they have the right to work in the United States, to their intake. A \$125 Intake/Enrollment Fee, or authorization for payment from the referral source, is due at the time of the Intake/Enrollment.

Avivo Institute of Career & Technical Education courses are scheduled on a rotating basis year-round. The current Twin Cities and St. Cloud Training Schedules are available on the Avivo Institute of Career & Technical Education page on the Avivo website. Here is the link to the page: [bit.ly/AvivoMN](http://bit.ly/AvivoMN).

Although High School Diplomas and GEDs are not required students are encouraged to have one as they enhance the ability of all students to attain employment.

Staff reviews the Training Program and course completion requirements with students at the Intake/Enrollment meeting. Either at Intake or before their first course starts, students will take a Reading and Math Assessment.

Students must score at the 7<sup>th</sup> grade level equivalency, or higher, on the Reading and the Math Assessments to move into the second course of a training program.

Students may Test-Out of the Workplace Success Strategies Training. Successful completion of the Workplace Success Strategies Test-Out allows the student exemption from the completion of Workplace Success Strategies Training for the Training Program requirements. The cost of the Workplace Success Strategies Test-Out is \$250. There are no other exceptions to the entrance requirements for the Training Programs. See Page 35 for details on the Test-Out.

### **Transfer Policies**

Avivo Institute of Career & Technical Education does not accept transfers of credits from other schools due to the customized nature of the trainings. Work/life experiences do not replace classroom hours for Avivo Institute of Career & Technical Education courses.

Students wanting to transfer to a different training program than their initial plan are to speak to the Career Education Director about the options. Students can be transferred to another training program, with authorization from the payment/referral source, with the student retaining the Certificate(s) of Completion of previously completed courses. The completed course work that is required for the new training program will transfer with the student to the new training program. If it has been over two years since the required training has been completed it is at the discretion of the Career Education Director to determine if the course certificate is still valid based on curriculum or course content changes.

Students may request a transcript upon completion of their training program that demonstrates and documents course completion. For additional details please contact Gina Peterson, 612-752-8170 or [Gina.Peterson@avivomn.org](mailto:Gina.Peterson@avivomn.org).

### **Classroom Language**

All classes are taught in English and Visa Services are not offered to international students.

### **Continuing Education Units**

Continuing Education Units (CEU's) are given upon successful completion of each course. Five to ten hours of classroom time count as one continuing education unit. The CEU's for each course are listed below.

Workplace Success Strategies Training - 60 Hours – 6 CEUs

Business & Computer Applications Specialist Training – 96 Hours – 10 CEUs

Accounting Support 101 Training – 80 Hours – 8 CEUs

Healthcare Technician Training – 112 Hours – 11 CEUs

Computer Technician Training – 480 Hours – 48 CEUs

Maintenance Custodial Fundamentals Training – 315 Hours – 32 CEUs

Manufacturing and Warehouse Fundamentals Training – 128 Hours – 13 CEUs

Manufacturing Skills 102 Training – 100 Hours – 10 CEUs

Telecom Installation & Support Training – 170 Hours – 17 CEUs

First Step Cleaning Pro Training – 52 Hours – 5 CEUs

First Step Restaurant to Retail Training – 52 Hours – 5 CEUs

First Step Warehouse Pro Training – 52 Hours – 5 CEUs

### **Coursework and Industry Exam Prep**

Coursework and exam preparation, as well as exam administration, are included in the following programs:

*Accounting Support Training Program*

BenchmarkPortal Customer Service Certification

Certiport QuickBooks Certification

*Core Manufacturing Skills Training Program*

BenchmarkPortal Customer Service Certification  
Forklift Operator Safety Certification  
OSHA General Industry Safety and Health Certification  
IPC-A-610 IPC Certification  
J-STD-001 IPC Certification

*IT Support Training Program*

BenchmarkPortal Customer Service Certification  
A+ 220-1001 Certification  
CompTIA A+ 220-1002 Certification

*Maintenance Custodial Skills Training Program*

BenchmarkPortal Customer Service Certification  
State of Minnesota Department of Labor Special Class Engineers License – Boilers License  
Certified Pool/Spa Operator Certification – CPO  
ServSafe Food Protection Manager Certification

*Medical Office Support Training Program*

BenchmarkPortal Customer Service Certification

*Office Support Training Program*

BenchmarkPortal Customer Service Certification

*Warehouse Operations Training Program*

BenchmarkPortal Customer Service Certification  
Forklift Operator Safety Certification  
OSHA General Industry Safety and Health Certification

*Telecom Installation & Support Training*

Telecommunications Technologies Certification  
Network Cabling Specialist Copper-Based Certification  
Network Cabling Specialist Fiber Optic-Based Certification  
Ground & Bonding Technician Certification  
Wireless Technician Certification

*First Step Cleaning Pro Training*

OSHA Certification

*First Step Restaurant to Retail Training*

Benchmark Customer Service Certification  
ServSafe Food Certification

*First Step Warehouse Pro Training*

Forklift Safety Operator Certification

For detailed labor market and industry specific career pathways, advancement opportunities, typical pay ranges and typical benefits please contact Beth Bidinger at 612-752-8131.

### **Policy and Program Modifications**

The Avivo Institute of Career & Technical Education reserves the right to make changes to program content, program offerings, entrance requirements, policies, procedures, and tuition, subsequent to publication. Students will be notified of changes to their specific program prior to the publication of changes.

Students should contact the program manager to discuss potential changes to their enrollment if there is a change in the program content.

### **Financial Assistance**

The Avivo Institute of Career & Technical Education does not participate in federal or state financial aid programs.

### **Student Orientation and Policies**

On the first day of class students participate in an orientation. Graduation requirements are covered during every Avivo Institute of Career & Technical Education course.

Students receive a syllabus during orientation with detailed information on the course, attendance policy and absences, course completion requirements including attendance, completion of daily exercises and scoring 70% or higher overall on the course exams. Students receive an enrollment letter prior to the class with start and end dates, hours, and holidays, a detailed course schedule and the number of absences allowed before a portion of their grade points are forfeited.

Student orientation includes a review of the Avivo Institute of Career & Technical Education safety procedures, including evacuation and responses to any threats to the campus.

Students not adhering to the following policies and procedures will be dismissed from class:

**Equipment, Computer, and Internet use** – Students review and agree on policies covering Avivo Institute of Career & Technical Education regarding computer use, internet security and software and appropriate workplace habits. Work areas must be maintained by the student. Not adhering to the policies will result in termination from the program.

**Conduct** – Appropriate behavior is expected on school property or when representing the Avivo Institute of Career & Technical Education. This includes harassment, threatening or violent behaviors, personal growth issues, discriminatory or un-professional behavior, and will not be allowed. A full list will be covered during the course orientation.

**Drug and Alcohol use** – Possession, distribution, sale or use of alcoholic beverages and controlled substances are not allowed. Students violating this policy will be immediately terminated.

**Exceeding Attendance policies** – Students missing five days of class consecutively without notification will be dropped from the training. Students will be withdrawn from the program after 21 days of no communication. A notice will be sent to students informing them of the decision.

### **Grading and Attendance**

Course Completion requirements are broken down into categories with a corresponding percentage earned for the Course Completion requirements. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams. Some courses have additional requirements including Typing 20 WPM with 94% accuracy, daily hands-on exercises or securing a volunteer experience. See the training program descriptions beginning on the next page for specific requirements.

Because Avivo Institute of Career & Technical Education simulates the workplace daily attendance is required. To successfully complete the courses students must not exceed allowed absences for each course of the Training Program. All courses in the training programs must be completed in order to graduate from a Training Program.

Students may work in the Resource Lab outside of class times to catch up on assignments, practice typing, work on resumes and job search as health conditions allow.

Due to the structure of the training program no leave of absence is allowed but students may choose to wait for the next offering of any course or program if they exceed the absences allowed. An additional training fee may be required to start the training unless an exception has been approved by the Career Education Director.

### **Grievance Procedure**

If a student feels as though they have been treated unfairly, they should contact the Career Education Director.

### **Accommodations, Tutoring and Student Assistance**

Reasonable accommodations will be made for students with disabilities. Students should notify staff at enrollment of needed accommodations. If a student is experiencing any difficulty once they are in class, they are encouraged to speak to the trainer and accommodation options will be explored. Depending on the accommodations requested students may be referred to another provider for assistance. Students may be asked to provide additional information from their physician or medical provider upon request of accommodations.

The Trainer will be available to work with students during class time. Tutoring can be arranged. The Resource Lab is available for extra assistance. It is essential that students let staff know immediately if there are problems.

### **Student Records and Data Privacy**

Records for students who have participated in one of the Avivo Institute of Career & Technical Education training classes are maintained in cabinets in the main office of the student's campus.

Graduates may request a copy of their records by contacting the Career Advancement Services Supervisor, Beth Bidinger. The student must complete and sign a Request for Records form outlining the items needed and current student contact information.

Student data is not released without a student's permission, except where required by law.

# Avivo Institute of Career & Technical Education

## Accounting Support Training Program

The Accounting Support Training Program is designed to train students in the skills needed to become employed in accounting support positions including Accounts Payable/Receivable, Billing and Payroll and to become QuickBooks User Certified.

### Program Description

Technical skills training to build advanced skills in accounting, QuickBooks and business math for accounting and billing related positions. Skills training in Google applications and Microsoft Office Word, Excel, and PowerPoint.

### Course Learning Objectives

1. Demonstrate basic/intermediate comprehension of QuickBooks.
2. Demonstrate comprehension of accounting basics and business math.
3. Demonstrate intermediate comprehension of MS Word, Excel, PowerPoint, and Google applications.
4. Attain BenchmarkPortal Customer Service Certification
5. Attain Certiport QuickBooks Certification

### Length of Program

15 Weeks – 236 Hours

### Program Cost

\$3,747.00

### Training Program Entrance Requirements

Students must complete an Intake/Enrollment meeting. Students must score at the 7th grade level equivalency, or higher, on a Reading and Math assessment administered by Avivo Staff prior to being accepted for the Accounting Support Training Program.

### Course and Training Program Completion

Students must successfully complete the Workplace Success Strategies Training, type 20 WPM with a minimum of 94% accuracy or successfully complete the Workplace Success Strategies Test-Out; successfully complete the Business Computer Applications Specialist Training, and the Accounting Support 101 Training to receive a Certificate of Completion for the Accounting Support Training Program. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams.

## Core Manufacturing Skills Training Program

The Core Manufacturing Skills Training Program is designed to train students in the skills needed to become employed in an entry level position in the areas of manufacturing and warehousing, including electronic assembly, soldering, and shipping/receiving positions.

### Program Description

Technical skills training in blueprint reading, manufacturing and warehouse jobs, equipment and terminology, following directions, shipping and receiving, inventory, LEAN production and manufacturing, materials handling, quality assurance, union vs. non-union shops, customer service, math overview and metric conversion, clean rooms, forklift safety training, ISO standards and OSHA 10 Training. Hands on technical skills training in soldering. Preparation for and administration of exams for IPC Soldering Certifications in A-610 and J-STD-001.

### Course Learning Objectives

1. Demonstrate comprehension of LEAN and ISO Standards.
2. Demonstrate comprehension of Manufacturing and Warehousing Overview.
3. Demonstrate comprehension of Blueprint Reading.
4. Demonstrate comprehension of Forklift Safety.
5. Demonstrate comprehension of Applied Math and Microsoft Office 2019 Word, Excel, and PowerPoint and Google applications.
6. Attain BenchmarkPortal Customer Service Certification
7. Successfully attain credentials: OSHA General Industry Safety and Health Training, Forklift Safety Operator Certification, IPC-A-610 and J-STD-001.

### Length of Program

11 Weeks – 288 Hours

### Program Cost

\$4,295.00

### Training Program Entrance Requirements

Students must complete an Intake/Enrollment meeting. Students must score at the 7th grade level equivalency, or higher, on a Reading and Math assessment administered by Avivo Staff prior to being accepted for the Core Manufacturing Skills Training Program.

### Course and Training Program Completion

Students must successfully complete the Workplace Success Strategies Training or successfully complete the Workplace Success Strategies Test-Out; Manufacturing and Warehouse Fundamentals, and the Manufacturing Skills 102 Training to receive a Certificate of Completion for the Core Manufacturing Skills Training Program. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams.

## IT Support Training Program

The IT Support Training Program is designed to train students in the skills needed to become employed in computer support and technical support positions.

### Program Description

A technical skill training that includes computer repair and troubleshooting, and skills training in Microsoft Office 2019 Word, Excel, PowerPoint and Google applications.

Windows operating and software systems, hardware systems, tech support for social media, portable computing devices, and web-based video conferencing. Includes customer service, communications, team building skills, and job seeking skills for Help Desk and PC Technician positions. Preparation for and administration of the CompTIA A+ 1001 and the CompTIA A+ 1002 Examinations.

### Course Learning Objectives

1. Demonstrate intermediate comprehension of MS Word, Excel, PowerPoint and Google applications.
2. Demonstrate comprehension of computer repair and troubleshooting.
3. Demonstrate comprehension of Windows operating and software systems.
4. Demonstrate comprehension of hardware systems.
5. Demonstrate comprehension of tech support for social media, portable computing devices, and web-based video conferencing.
6. Demonstrate comprehension of customer service skills as it relates to Help Desk and PC Technician positions.
7. Attain BenchmarkPortal Customer Service Certification
8. Attain A+ 1001 and A+ 1002 Certification credentials.

### Length of Program

26 Weeks – 636 Hours

### Program Cost

\$10,812.00

### Training Program Entrance Requirements

Students must complete an Intake/Enrollment meeting. Students must score at the 7th grade level equivalency, or higher, on a Reading and Math assessment administered by Avivo Staff prior to being accepted for the IT Support Training Program.

### Course and Training Program Completion

Students must successfully complete the Workplace Success Strategies Training, type 20 WPM with a minimum of 94% accuracy or successfully complete the Workplace Success Strategies Test-Out; successfully complete the Business & Computer Applications Specialist Training and successfully complete the Computer Technician Training to receive a Certificate of Completion for the IT Support Training Program. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams.

## Maintenance Custodial Skills Training Program

The Maintenance Custodial Skills Training Program is designed to train students in the skills needed to become employed in the areas of general maintenance, janitorial, and custodial positions.

### Program Description

Technical and hands-on skills training that includes tool use, safety, plumbing, restroom and office cleaning, carpentry, painting, drywall, floor care, electricity, heating and air conditioning. Preparation for the Boilers License Exam (Minnesota Department of Labor Special Class Engineer License). Preparation for and administration of the Certified Pool Operator (CPO). Preparation and examination for ServSafe Food Protection Manager Certification. The CPO and ServSafe examinations are administered at Avivo. The Special Class Engineers License examination at Department of Labor in St. Paul. Course includes paid Hands-On training experience.

### Course Learning Objectives

1. Demonstrate comprehension of safety procedures.
2. Demonstrate comprehension of plumbing.
3. Demonstrate comprehension of electricity.
4. Demonstrate comprehension of heating and air conditioning.
5. Demonstrate comprehension of restroom and office cleaning.
6. Demonstrate comprehension of painting and carpentry.
7. Demonstrate comprehension of carpet and hard floor care techniques.
8. Demonstrate comprehension of Microsoft Office 2019 Word, Excel, and PowerPoint and Google applications.
9. Attain BenchmarkPortal Customer Service Certification
10. Attain the following credentials: Special Class Engineers License, ServSafe Food Protection Manager, and Certified Pool Operator.
11. Complete Hands-On Training.

### Length of Program

13 Weeks – 375 Hours

### Program Cost

\$6,375.00

### Training Program Entrance Requirements

Students must complete an Intake/Enrollment meeting. Students must score at the 7th grade level equivalency, or higher, on Reading and Math on the Avivo Training Program Entrance Assessments in Reading and Math prior to being accepted for the Maintenance Custodial Skills Training Program.

### Course and Training Program Completion

Students must successfully complete the Workplace Success Strategies Training or successfully complete the Workplace Success Strategies Test-Out; and the Maintenance Custodial Fundamentals Training to receive a Certificate of Completion for the Maintenance Custodial Skills Training Program. Students must receive 70% of the possible points for each training, which includes attendance, daily exercises, and scoring 70% or higher overall on their exams.

## Workplace Success Strategies Test-Out

The Workplace Success Strategies Test-Out is a 2-1/2 Hour assessment of computer and job readiness skills. It is \$250.00. It includes:

- Microsoft Word 2019 – Written and Practical Exams
- Microsoft Excel 2019 – Written and Practical Exams
- Internet Literacy - Practical Exam
- Touch Typing Test
- Mock Interview

Participant must complete all segments and score 70% or higher on the Word, Excel and Internet Literacy Exams and touch type at 20 WPM or higher with 94% Accuracy.

Successfully completing the Test-Out allows the participant to waive the Workplace Success Strategies requirement for Avivo Institute of Career & Technical Education Training Programs.

## Avivo Institute of Career & Technical Education Refund Policy

The Avivo Institute of Career & Technical Education Buyers Right to Cancel Policy (Refund Policy) is based on the State of Minnesota's Refund Policy/Buyers Right to Cancel MN Statute 136A.828 Subd. 1. See page 33 for detailed information.

## Avivo Institute of Career & Technical Education Tuition and Buyers Right to Cancel (Refund Policy)

NOTE: The Avivo Institute of Career & Technical Education Buyers Right to Cancel Policy (Refund Policy) is based on the State of Minnesota's Refund Policy/Buyers Right to Cancel statute noted below.

If your\*\* application is rejected, you will receive a full refund of all tuition, fees, and other charges. You will be entitled to a full refund of all tuition, fees and other charges if you give notice that you are cancelling your contract within 5 business days after the contract or enrollment agreement is considered effective. A contract or enrollment agreement with the school will be presumed to be effective on the date that the school notifies you that you have been accepted into the school and you have signed the contract or enrollment agreement. If the notification of acceptance into the school is sent by mail, then the effective day of being accepted is the postmark on the acceptance letter.

This five-day refund policy applies regardless of when the program starts. If you give notice more than 5 days after you signed the contract, but before the start of the program (or first lesson for an online distance education program), you will receive a refund of all tuition, fees and other charges minus 15%, up to \$50, of the total cost of the program. If you withdraw after the start of your program and it has been more than 5 days after you signed the contract, you will receive a pro-rated refund of the entire cost of your program based on your last day of attendance. You will be provided a prorated tuition, fees, and other charges refund minus your total application fees, up to \$50, and minus the less or 25% of the total tuition or \$100. Proration is based on whether your program is term-based or clock hours and how much of the program you have completed

If your program is term-based, the completion rate is the number of calendar days from the first date of the program through you last documented date of attendance divided by the length of the program. The completion rate is calculated to the second decimal point (.XX).

If your program is clock-hour based, the completion rate is the number of clock hours you actually attended divided by the number of clock hours in the program. The completion rate is calculated to the second decimal point (.XX).

If you withdraw from your program after 75.00% of the program has been completed, you are not entitled to a refund of tuition, fees, and other charges.

You will receive written notice acknowledging your withdraw request within 10 business days after receipt of the notice and you will receive a refund of any tuition, fees, and other charges within 30 business days of receipt of your withdrawal. Any mailed notice is effective as of the date of the postmark if sent by mail or the day it has been hand-delivered to the school. Notice to withdraw may also be given by email or verbally, including a voicemail, to a school official (defined by the school's Student Right to Cancel policy), Gina Peterson, Career Education Coordinator, 612-752,8170 or [gina.peterson@avivomn.org](mailto:gina.peterson@avivomn.org).

*Continued on the next page.*

**Avivo Institute of Career & Technical Education  
Tuition and Buyers Right to Cancel (Refund Policy) - Continued**

If you do not withdraw in writing or contact the school about your absence and you have not attended your program or contact the school about your absence for 14 consecutive days, you will be considered to have withdrawn from the school as of your last date of attendance. Your school is responsible for sending you a written notice of cancellation if you are withdrawn for failing to attend to your last known address. The confirmation from the school must state that the school has withdrawn your enrollment, and if this action was not the student's intent, the student must contact the school.

**\*\* "You/Your" may mean the student or their referral/payment source and all monies refunded shall be returned to the party or parties who made the initial payment.**

The Avivo Institute of Career & Technical Education contract is considered to be the completion of your Intake & Enrollment meeting for your first course. For subsequent courses the contract is the date of the Welcome Letter you receive for the specified course.

## Avivo Institute of Career & Technical Education Tuition

A one-time Intake/Enrollment Fee of \$125 is charged for each student before enrollment into a Training Course. Each student entering an Avivo Institute of Career & Technical Education Training Program is given a Reading and Math Assessment. Students must score at a 7<sup>th</sup> Grade Level or higher on each one. Successful completion of the Assessment is required before acceptance into a Training Program.
